

## ITAL AXIS SUPPLY PORT HARD HIT BY U. S. AIR FORCES

## EIGHTH ARMY BATTERS NAZI REAR GUARDS

Radio Suggestions Heard That British Have Started Big Move in Tunisian Theater

UMOR UNCONFIRMED

BY ALFRED E. WALL  
London, Jan. 29.—(P)—The harbor and railway yards of Sfax, a supply port vital for regrouping of Axis forces in Tunisia, were officially declared today to have been hard hit by the 12th U. S. air force's greatest raid of the war while British Eighth army artillerymen duelled with Marshal Rommel's rear guard in the Zuara area 35 miles east of the Tunisian frontier.

The Axis betrayed jitters by radio suggestions that the British first Army already had started big move in the Tunisian theater, these following unconfirmed reports that the American ground forces there had launched or were preparing an offensive.

The broadcast had no confirmation and today's communique from Allied headquarters in North Africa said "there is no change in the ground situation."

U. S. heavy and medium bombers, escorted by P-38 lightning fighters, struck Sfax in four waves yesterday, blasted the rail lines and harbor facilities heavily, set many fires burning and shot down six Axis planes which attempted to intervene.

A 12th Air Force spokesman said the number of planes used was the largest it had ever sent against a single target. The Italian high command acknowledged that damage was heavy.

The gradual shortening of Marshal Rommel's narrow escape corridor is illustrated by the fact that the Axis, on the upper curve of the Gulf of Gabes, lies only 150 miles from the sea.

Despite the fact that Rommel signed artillery to the rear guard in the area of the Tripolitanian port, London military sources reiterated the opinion that he would make a real delaying stand before he reached the Marethine.

Well-placed observers said it was not yet apparent that the fifth American Army's operations in the Gafsa-Maknassy area of central Tunisia were of sufficient weight to indicate an attempt to cut ahead of Rommel and block his retreat.

These sources said the moves might be designed merely as a screen to protect the Gafsa airport—the best in the region.

The full significance of the American push, which the Algiers radio said had reached Maknassy, 33 miles from the eastern Tunisian coast, was obscured by lack of news concerning the development from Allied headquarters in North Africa.

The possibility that the Allies had launched a determined effort to drive a wedge between Rommel and Col. Gen. Von Arnim's forces to the north was given color, however, by a combination of reports from various sources indicating something big was brewing.

Among these indications was a four-hour conference at Lieut. Gen. Dwight D. Eisenhower's headquarters bringing together Gen. George Marshall, U. S. Army chief of staff, and Gen. Sir Harold Alexander, British Middle East commander, along with other American and British officers.

## PRESIDENT IN BRAZIL FOR CONFERENCES

Important Meetings Are Held With Officials In Largest South American State

SECURITY IS MAINTAINED

Natal, Brazil, Jan. 29.—(P)—President Roosevelt, safely back in the western hemisphere after his historic meeting with Prime Minister Churchill in Casablanca, conferred yesterday with President Getulio Vargas of Brazil, largest South American state among the United Nations.

It was the first meeting between the two presidents since 1936, when Mr. Roosevelt visited Brazil on a South American tour, and came as this republic celebrated the first anniversary of her rupture of relations with the Axis powers.

It was understood that Admiral Jonas Ingram, commander of United States naval forces in the South Atlantic, and U. S. Ambassador Jefferson Caffery sat in on the talks.

Natal, situated on the "bulge" of Brazil, is the main western terminus of the Trans-Atlantic plane services operating between South America and Africa. It is the site of an important Brazilian naval base from which U. S. naval forces operate and likewise the site of a great U. S. Army air base from which American planes take off for far-flung fronts.

Like the conference at Casablanca, preparations for the meeting here were made with the greatest secrecy.

Vargas had left Rio De Janeiro earlier in the week to fly to Sao Paulo, where his son, Getulio, Jr., is seriously ill but his subsequent movements had not been disclosed.

A brief official announcement of the conference said that details would be given following the Brazilian chief executive's return to Rio De Janeiro some time today.

It was presumed, however, that one of the subjects then discussed was the German effort to cut (Turn to Page Thirteen)

## One Killed In Prison Break

Waupun, Wis., Jan. 29.—(P)—Straight-shooting tower guards killed one man and wounded two others today to frustrate the attempted escape of four young convicts from the Wisconsin State Prison at Waupun.

The fourth man escaped injury and got over the 22-foot west wall but was tracked to a private garage four blocks from the penitentiary. Guards found him hiding under an automobile.

The convict killed was Frank (Bigfoot) Kopjar, 23, of Milwaukee, who was serving three to thirteen years for burglary, second offense. He was hit above the hip, the bullet ranging upward into his body.

Deputy Warden W. J. Hinkamp said the four made their break immediately upon arriving at the prison shoe and tailor shops after breakfast.

One man pulled the electric switch, plunging both buildings into darkness.

## Zonta Club Completes Plans For March of Dimes Tag Day

Zonta Club members, reporting on final arrangements for the March of Dimes Tag Day to be conducted on the streets tomorrow for the National Foundation of Infantile Paralysis, state that already more than \$100 has been received from friends as a result of letters sent out by the club and through publicity given the project.

Headquarters for the solicitors will be in the YWCA residence building, corner of Market street and Second avenue, where Nancy Ellen Parvin and Frances Schimmling will be in charge of checking collections.

This location will also be used for serving of hot soup, hot chocolate and doughnuts to the girls as they come in to report from their one-hour hitches. Althea N. Correll and Isabel Beck handling this phase of the plans.

Heading the list of canvassers will be 19 members of the High School Girls' Club of the YWCA: Carolyn Huber, Anne Check, Mary Davis, Peggy Haslett, Anna Nichols, Susie Estes, Beverly Hedberg, Sue McGarry, Donna Lou Allen, Barbara Johnson, Betty Leafstrom, Anne Harrington, Mary Roos, Jean McKown, Bernice Johnson, Colette Harmon, Carolyn Heubach, Evadna Hunter and Ann Johnson.

In the group of 12 Phi Zeta Chi Sorority members who have volunteered are Carol Kirberger, Toni Hamilton, Barbara Boynton, Rachel Smith, Joan Wendelboe, Mary Johnson, Joan Beyer, Ann Newmaker, Joan McLaren, Martha Rasmussen, Lucille Morrison and Jane Mahaffy.

Sigma Tau Delta Sorority members who signed up for the project are Janice Peterson, Lois Newgreen, Rosemary Stricker, Juliana Hannold, Wilda Belle (Turn to Page Thirteen)

## HEROIC DEEDS PERFORMED IN NORTH AFRICA

Lieutenants L. L. Porter and J. I. Miller Help Damage Italian Vessels in Mediterranean

TRAINING IDENTICAL

Two Warren county boys, both of them lieutenants in bomber crews of big United States aircraft, are being honored for their work in damaging Italian destroyers in the Mediterranean Sea. The news was carried in a small Associated Press dispatch to the Times-Mirror as follows:

Allied Headquarters in North Africa, Jan. 29.—(P)—Two Pennsylvanians were among 14 members of a bomber crew credited with hitting an Italian destroyer in the Mediterranean Narrows. They were Lieut. F. A. Shorsher, Cambridge, Pa., and L. L. Porter, Chardlers Valley, Pa.

Lieut. J. I. Miller, Warren, Pa., and Sgt. R. J. Mount, Yeading, Pa., were members of other bomber crews credited with probably damaging a second destroyer.

While the dispatch seemingly gave notice of a routine patrol action in which the bomber crews participate every day, the news carried a real thrill to the families of the young men when they were notified by the Times-Mirror of their brave deed. Friends of the young men will also hear with pleasure that they are doing a large share in riding the seas of Axis craft. From what base they are operating their big aircraft is not known and their relatives have no inkling of the location from which they are flying, other than "somewhere in North Africa."

The two young fliers have had almost identical training and careers in their service in the armed forces, both taking their preliminary flying instruction under "Slip" King at the Warren airport, enlisting at the same time as aviation cadets and being assigned to the same fields for later instruction.

Young Miller is the son of Mr. and Mrs. George H. Miller, of "The Willows" at Rogers Mills, and (Turn to Page Thirteen)

## Lend-Lease Administrator Lauds Project

BY ALEX H. SINGLETON  
Washington, Jan. 29.—(P)—American lend lease aid has made the British Isles "an impregnable base for offensive operations," Edward R. Stettinius told congress today.

Stettinius, lend lease administrator, asked continuance of lend lease aid until July 1944.

In testimony before the house foreign affairs committee, Stettinius said a large part of the North African campaign and the Middle East, Italian Africa, Syria and Madagascar offensives stemmed from the British Isles.

He related that the program was resulting in supply by other United Nations of food, munitions, services, barracks and transportation to United States troops stationed in them, as well as making American weapons of war available to Britain, China, Russia and this nation's other Allies.

Passage of legislation to extend the act appeared certain, as Republican leaders in congress have declared they would not oppose continuance of an act which has provided billions of dollars worth of aid to others of the United Nations but there were demands for a detailed accounting of how the program is being carried out.

Tells on Nazis

Dr. Ernst (Putzy) Hanfstaengl, one-time bosom pal of Adolf Hitler and an organizer of the Nazi movement, now aids the allied side by giving the U. S. State Department inside information on Hitlerism.

## Bund Planned Revolution In United States

Reporter Who Became Storm Trooper to Spy on Nazis is Witness

SUBSTITUTE SOCIALISM

Philadelphia, Jan. 29.—(P)—Testimony that Adolf Hitler in 1937 was plotting a revolution in the United States—with "bloodshed in the streets," if necessary—was considered in U. S. district court today as the government sought to revoke the citizenship of Alexander M. Hartmann, former head of the Philadelphia German-American Bund.

John C. Metcalfe, Washington correspondent for the Chicago Times, testified that he joined the Bund's storm trooper unit to get information on Nazi activities and that the Bund was "sure" that Hitler would overthrow the American government and substitute national socialism.

"We (storm troopers) were told that a change of government would be achieved x x x and that if it couldn't be done peacefully, it would be done by force," he said. "And we were told to anticipate that in making the change by force there would be bloodshed on the streets of America."

Several "local leaders" made such statements, he added. He specifically named Hermann Schwartzmann, who he said was the leader of the Astoria, La. I. post. Schwartzmann, he said, discussed the plan at an "official meeting" of storm troopers in June or July of 1937.

Metcalfe had testified previously that five men wearing U. S. army officers' uniforms exchanged the Nazi salute with G. Wilhelm (Turn to Page Thirteen)

## REBUTTAL WITNESSES ON FLYNN TRIAL

Los Angeles, Jan. 29.—(P)—Rebuttal witnesses were summoned by the state today in a further effort to prove the charges which screen star Errol Flynn has been denying for two days on the witness stand that he had intimate relations with two teen-age girls.

The tall, ruddily tanned actor, accused of statutory rape, persistently denied yesterday the story of Betty Hansen, 17, that he violated her last Sept. 27 after a dinner party in a Bel-Air home.

The defense then rested, and Flynn underwent two hours' grueling cross-examination.

## New System For "Pooling" Inductees To Start Monday

Washington, Jan. 29.—(P)—The army, navy, marine corps and coast guard will draw on a draft "pool" hereafter to fill their requirements.

The new system, announced by Selective Service headquarters yesterday, is effective Monday. While the drafted men can not be certain which branch of the service will claim them, selective service officials said, individual preference will be given "the fullest consideration practicable."

## HITLER LOSES 9,000 MEN IN RED ADVANCE

Mounting German Counter-Attacks Fail To Stem Steady Drive of Soviet Forces

MANY SURRENDERING

BY EDDY GILMORE  
Moscow, Jan. 29.—(P)—Red army forces were reported driving steadily forward on the plains west of Voronezh today, tearing into the flanks of the retreating Germans who already had been thrust back more than 12 miles, losing 9,000 men killed and captured.

The Germans, using reserves, mounted counterattacks in vain efforts to stem the Soviet advance. The advancing Russians were at points only about 75 miles from Kharkov and Kursk.

The capture of Kastornoye at the crossroads of railways between Voronezh and Kursk and between Moscow and the Don basin to Taganrog on the Sea of Azov was effected by sharp attacks from the north and south of the strongly fortified city. Dispatches said the Germans were driven out house by house and street by street with bayonets and grenades.

Among the 6,000 enemy troops reported captured overnight on the Voronezh front alone there were three generals.

Other troops were reported closing in on the important Caucasus rail junctions of Kropotkin and Tikhoretsk.

Envelopment of the Caucasian cities and the spread of a pincers movement around the Maikop oil field provided the most spectacular gains claimed for the Soviet troops in current fighting, but the capture of Kastornoye also gave impetus to the drives against Kursk and Kharkov, two strong points of German depth-in-defense lines in the Voronezh "hinge" sector.

(The Russian mid-day communique, as reported in London by the Soviet radio Monitor, told of smashing new blows on the Voronezh front which brought the capture of 33 more places, and resulted in the killing of 3,000 Axis troops and capture of 6,400 more, including three generals.)

## Single United French Move Not Foreseen

Allied Headquarters in North Africa, Jan. 29.—(P)—General Henri Honore Giraud declared today that there were no prospects of any single United French movement at the present time and that the only agreement between himself and General Charles De Gaulle would be one "of liaison on military, economic and financial matters."

Giraud, high commissioner for French North and West Africa, told a press conference that he had not taken up "the question of politics" with the leader of the Fighting French when the two were brought together during the Roosevelt-Churchill conference at Casablanca.

Grand told the conference he was willing to give the Jews in North Africa back their property and allow Jewish children in the schools, but added that "these moves must be made gradually."

Before the conference the general issued a long statement, much of it repeating material previously covered, but saying in addition that the discussion with De Gaulle at Casablanca was a preliminary step to others which would be taken.

Speaking of the Jewish question later he said he had no sympathy with German views thereon, but added that the question in North Africa was "an internal one in which the world as a whole has no interest."

## NAVY CASUALTIES ARE BOOSTED TO 22,091

Washington, Jan. 29.—(P)—The navy announced yesterday 128 casualties in navy forces, including six dead, four wounded and 128 missing. This brings to 22,091 the total of navy, marine corps and coast artillery casualties reported to next of kin since December 7, 1941. The grand total includes 6,404 dead, 3,911 wounded and 11,776 missing.

"Lower 13" Accused

Robert Folkes, above, 20-year-old Negro dining car cook, is charged with first degree murder at Portland, Ore., in the "lower 13" train berth murder of beautiful Mrs. Martha James, wife of a naval ensign.

Los Angeles, Jan. 29.—(P)—Sheriff's Deputy Clay Kirk starts back to Oregon today with a 20-year-old railroad diner chef accused of slaying Mrs. Martha James, wife of a naval officer, in her sleeping car berth a week ago as the train was speeding toward California. Detective Captain Verne Rasmussen said the chef, Robert Folkes, a Negro, made an oral confession in the presence of several police officers, but that he had not been asked to sign a stenographic transcript.

## U. S. Forces In Solomons Score Victory

Two Japanese Cargo Ships And Destroyer Are Damaged

COMMAND POST TAKEN

Washington, Jan. 29.—(P)—In two furious days of fighting in the Solomon Islands, the navy reported today, American forces damaged two Japanese cargo ships, two destroyers and a tanker, destroyed ten enemy planes and killed 36 Japanese troops in operations which resulted in the capture of an enemy command post.

Three Japanese were taken prisoners.

One of the cargo ships which was damaged probably sank. Four American planes were reported missing.

The location of the enemy command post, while not given in the communique, is believed to be somewhere in the four-mile stretch of coastal country between Kokumbona and Tassafaronga. American forces captured Kokumbona.

## PLENTY OF GASOLINE FOR FARM MACHINERY

Pittsburgh, Jan. 29.—(P)—Farmers will get all the gasoline they need this year for hauling produce to market or selling it from door to door and for farm machinery "but not for automobiles for personal use," declared Charles P. Shenot, chairman of the Allegheny County War Board, U. S. department of agriculture.

The Office of Defense Transportation has agreed to grant all gasoline requests approved by the farm transportation board, Shenot said, in a discussion of food production goals for 1943. He advocated "higher pay for farm labor" to halt a movement from the farms which he said began fifteen years ago.

Both Burma and the Philippines today are under rigorous Japanese military rule, with no indications that it will be relaxed.

The Berlin radio quoted Tokyo papers as saying that the Burma and Philippines passages were the most important of the premier's speech. (They were not included in excerpts heard by The Associated Press in New York.) The newspaper Mainichi said that "Japan thus demonstrated that she would remain true to her policy, even in the midst of war, namely, to give every country that place which is due to it."

## Independence of Burma and Philippines, Tojo Promise

By the Associated Press  
An announcement of the "imminent creation of an independent Burma and a reaffirmation of the independence of the Philippines" are high lights of Premier General Hideki Tojo's address to the panese parliament, the Berlin radio said today in a broadcast dispatch dated Tokyo. The broadcast was recorded by The Associated Press.

This apparently was part of pan's propaganda campaign to make itself appear the liberator of Asiatic peoples from rule of the

## Auxiliary Unit Of Police Ends Study Period

Completion of a 20 hour course of training in First Aid by two classes of the Warren Auxiliary Police was brought to a close last evening at the American Legion Home. The affair was a highly enjoyable one and there were a number of visitors from North Warren, Youngville and Tiona along with Burgess Raymond Steber, of Warren, Ecrough, Allen Gibson, chairman of the County Council of Defense and Forest Waite, Commander-in-chief of the Warren Control Center.

The two classes in addition to their first aid training underwent instruction as Auxiliary Police Officers by Chief of Police George

Haehn and Lieut. Mike Evan, of the Warren Police force. The interest roused in the class caused them to take a full 20 hour course in place of the customary 10 hour course required by the State Council of Defense.

Remarks were made during the evening by Burgess Steber and Messrs Gibson and Waite and lunch was also served.

The class taught by John Allen and Mrs. Margaret Wright was composed of the following: Frederick Printz, George Geracinos, Len Donaldson, Guy Edris, Hadsal Wright, J. E. Gnagay, George Haehn, Bruce Wood, Arthur C. Johnson, Albert Smerker, H. W. Brooks, Bert Werlin, Robert Z. Smith, C. Willard Smith and B. H. White.

Another class taught by Abe Martin and Miss Mary Hertz was composed of Messrs Anderson, Bleech, Conboy, Cyphert, Davis, Evan, Fees, Foster, Hagberg, Hewitt, Jewell, Kleshauser, Mellander, Mohr, Olson, Schuler, Walsh, Wholeben, Winerter, Yeager and Yagge.

## Sheffield Fire Department Has Busy Year

The Sheffield volunteer fire department held its annual meeting and heard reports of the statisticians and elected officers for the year.

Complying with the request of the O. C. I. of last year that all officers be retained in office for the duration, the department re-elected all officers and retained the former chief, Charles Slater, and his three assistants, Rudolph Samuelson, David Ritchie and Laverne Dahl. Francis Borden as president; John J. Wolf, as vice president; and William Dalton as secretary-treasurer. Charles McNeal was elected a 3 year trustee, Daniel O'Leary a 2 year, and John J. Wolf for 1 year.

The statistician, Harry F. Mickel, gave the following report, notwithstanding the fact that Sheffield and one of the smallest number of alarms for a year since organized, 17 alarms, they had a greater amount of property endangered than for several years, \$311,600 was directly in the path of the fires, and the men were successful in allowing it to take a toll of only \$826. This is a new low loss for the township.

The department has suffered a loss of 10 men who were inducted into the service and had four moving from town. Nevertheless the department has been and is kept up to a good fighting strength, ready and willing at all times to serve the community to the best of their ability.

The annual banquet for the department was held on January 20th for the firemen and their usual invited guests. A chicken supper was served by the ladies of the American Legion, and the balance of the evening was enjoyed in a jovial manner as usual.

# County Schoolmen Attending Conference Discuss Plans

Schools over the state are being called upon to train young men for service in the armed forces by some pre-induction work in the schools. To that end an area conference was held in Edinboro at the State Teachers College yesterday. Warren county was well represented and H. L. Blair presided over the afternoon discussion and Floyd Bathurst of the Warren High School spoke at the morning session on "The Victory Corps Program".

Those who attended: From County Office: H. L. Blair, County Superintendent; W. J. Summer-ville, Assistant Superintendent; Arlene M. Schure, Home Economics Adviser; P. R. Bartholme, Vocational Adviser.

High School Principals: Lawrence T. Orner, Lander High School; Carl W. Mallon, Lottsville High School; Robert C. Huntley, Russell High School; L. O. Eisenhauer, Sheffield High School; Allan H. Frank, Sugar Grove High School; Edward H. Cornish, Tidoute High School; Paul R. Getts, Youngsville High School.

The morning session began at ten o'clock under the theme of "Responsibility of the Public Schools in a Democracy at War." The five speakers discussed instruction adjustments necessary to meet this responsibility.

The afternoon session discussed the administration and organization problems.

The Federal Government and the State of Pennsylvania are asking the Department of Public Instruction to present a school curriculum so that the pupils in the high schools may be taught to meet very specific war demands. In addition to teaching the things that will satisfy the specific demands, they must be taught the basic principles of the democratic way of life, as well as those qualities of citizenship that will make them useful citizens as they face the problems that will be faced by society in the post war period.

The schools are urged to emphasize the following ten points:

1. Emphasis on mathematics, especially problems drawn from the field of aviation, navigation, mechanized warfare and industry.
2. Industrial art courses related to war needs with special application to operation of machine tools.
3. Auto mechanics courses in cooperation with local garages and farmers, with emphasis on repair and operation of trucks and tractors.
4. More practical courses in cooking and sewing.
5. Physics instruction, stressing characteristics of mechanics, heat, radio, photography and electricity.
6. Teaching units emphasizing health in both elementary and high schools.
7. Revised social study courses to impart knowledge of war aims and issues.
8. Units of study dealing with understanding of the forces to lessen the time required for induction.
9. Pre-flight courses as outlined by the armed forces in the larger schools.
10. Instructions to give appreciation of the implications of the global concert of the war, and post-war living.

# Foremen To Present Good Speaker Here

"Building the Arsenal of Democracy" will be the subject of his address when Carroll B. Huntress appears here this coming Monday evening on the annual Executives Night program of the Warren Foremen's Club. All interested business men and industrial executives of Warren and vicinity are invited by the Foremen's Club to attend the dinner meeting, beginning at 6:30 o'clock.

Mr. Huntress, vice-president of the Republic Coal and Coke company of New York City, is one of 350 prominent business men of the country who are members of the Speakers Committee of the National Association of Manufacturers. Since Pearl Harbor he has had occasion, despite his many other important business activities, to make a valuable contribution to our victorious war efforts by presenting to many groups the facts on American industry's important part in helping to win this conflict, in cementing national unity, and in building the morale of our fighting men and their allies.

Beginning his career as a newspaper reporter, Mr. Huntress became a newspaper editor, then a Chamber of Commerce executive in Marion, Ohio, and in Allentown, Pa. Then he was Washington representative of the National Association of Owners of Railroad Securities, and was executive secretary of the National Coal Association. His varied and interesting background of activity has given him a broad outlook on many of the important problems of the day. The trip to Warren for this address necessitates Mr. Huntress taking two days from his work in New York, so the Foremen's Club is hopeful that Warren will show its appreciation by giving him a large audience.

Reservations for the dinner should be made by telephoning the Y. M. C. A. office before tomorrow noon.

# "Help Me Win MY Victory"

"Tomorrow's America will be as strong as today's children." With these words of Franklin D. Roosevelt as the battle cry, the tenth annual campaign to raise funds for the fight against Infantile Paralysis is under way. Celebrations of every type will be held throughout the country between January 15 and 30, when the President's Birthday will mark the end of the campaign. The funds that have been raised will be divided, 50% to the local chapters for work in the community where the money was raised and the other 50% to the National Foundation to carry on research. The plea is nationwide. There is no discrimination in age, race, color or creed, in the Foundation's work—its hand of mercy reaches everywhere.

# AUTO THIEF GIVEN THREE YEARS IN PEN

Walter Walizer, 27, Erie youth who caused the local police to spend some time in a hunt for him about three months ago, was sentenced to serve three months in the western penitentiary for the theft of three automobiles. Walizer at the time he was sought by Warren police had stolen a car near Scranton and the local police were on the lookout for him. The youth stopped in Youngsville for gas and the State Motor Police took up the chase from there.

At Erie Walizer sped over the city streets at 60 miles an hour and was finally cornered by city and state police. The young man fled down between buildings with police shooting at him. Highway Patrolman Bynane finally put a bullet in the lad's leg and he surrendered. During his mad race through Erie he struck and injured an Erie resident.

# KINZUA

Kinzua, Jan. 27—At the January meeting of the W. S. C. S. of the Methodist church, which was held at the home of Mrs. Elisabeth Thompson last Thursday afternoon, the annual installation of officers for the coming year was held. The installation service was read by the retiring president, Mrs. Queen Dowd. The following were the officers installed: President, Mrs. Elisabeth Thompson, vice-president, Miss Alice Holmes, Sec'y, Mrs. Emma Young, Treasurer, Mrs. Mary Tuttle and corresponding secretary, Mrs. Queen Dowd. During the business meeting it was decided to use the study books on Latin America in the U. S. A. and Latin America circuit for missionary study, the coming year, the topic for February will be "Chile". It was also decided to remember the local boys in the armed service with valentine greetings.

The Helping Hand Sunday school of the Methodist church was entertained at the home of Mrs.

E. R. Tuttle on last Tuesday evening, nine members were present. Miss Alice Holmes, president, presiding during the business meeting. The February meeting will be held at the home of Mrs. Clara Brown, at which time the red dine strips are due for collection and a full attendance of the membership is desired. The following ladies were present: Misses Ellen Malmborg, Gertrude White and Alice Holmes. Mesdames, H. L. Johnson, E. R. Tuttle, W. B. English, Donald Pratt, Clara Brown and Charles Weinold. The hostesses served a delectable lunch following the business and social hour.

The school children have donated \$12.00 toward the siren for air raid and fire alarms, which they made in the recent scrap metal drive. They are selling flower and vegetable seeds now, with the proceeds. They purchase war savings stamps.

C. R. Morrison has had an oil well drilled on his property at the rear of his garage which promises oil and gas since being shot a few days ago.

Kinzua friends are in receipt of cards from Mr. and Mrs. J. C.

Van Buskirk of Sugar Run who left recently by motor for Florida. They arrived safely in St. Augustine, where they plan to remain some time.

Mrs. Edna Marsh is spending several weeks with her niece in Rochester, N. Y.

Ralph Marsh of Bellfontaine, Ohio is spending sometime with his niece, Mrs. Donald Pratt. Mrs. Marsh was called here by the critical illness and death of her sister-in-law, Mrs. Nora Harkness Marsh of Warren. Mrs. Marsh was the only daughter of the late Mr. and Mrs. Albert Harkness of Kinzua. Mrs. Pratt attended services in her memory last week.

Mr. and Mrs. William Strong and family were recent visitors at Fosterbrook and Duke Center.

Mrs. David McClellan, of the Morrison road has returned home after spending some time in Bradford helping to care for her brother-in-law, Reuben Prentice who is seriously ill with pneumonia.

Miss Thelma Hollowell of Lakewood, Ohio arrived Tuesday evening for a few days visit with Miss Gertrude White and other friends. Miss Hollowell is employed in de-

fense work.

Dorothy Fogle and Miriam English, local students at Hoff's Business College in Warren, were blood donors at the Red Cross Blood Bank on Tuesday, Jan. 26th.

Mr. and Mrs. L. W. Shipman received word from their son Cpl. John Shipman stationed at the army air base at Deming Field, New Mexico, that the furlough he had been granted for Feb. 1st had been deferred 15 days.

Miss Iva Morrison left today for an indefinite stay with the Kirkpatrick family in Little Washington, Pa.

Mrs. Mary Fulton, who makes her home with her daughter, Mrs. Charles Linneman, is resting comfortably today, following a heart attack last evening.

Miss Jane Elisabeth Thompson a student at Houghton College spent the weekend with her mother.

Elder and Mrs. Strunk and Miss Young of Bradford called on John English Sunday evening.

Mrs. Millicent Fellows of Erie, Pa. spent the weekend with her brother and family, Mr. and Mrs. Theodore Fellows.

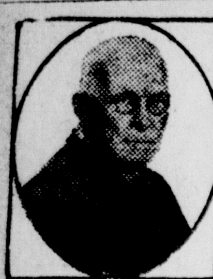

Mrs. Edna Miller, who has been spending the winter months with her daughter, Mrs. Roy Brush, in Sheffield, is visiting her daughter, Mrs. Carl Eschenbach, here.

Mrs. Grace Mong has sold her farm at Sugar Run to Pittsburgh parties, and expects to move to Warren in the near future.

NOTICE is hereby given that the undersigned having filed her final account as administratrix of the Estate of Chauncey L. Gray, deceased, and such account having been confirmed absolutely by the Orphans' Court of Warren County, Pennsylvania, will present her application for discharge from her said office and a discharge of the surety on her bond, in the Orphans' Court of Warren County, Pennsylvania, on Thursday, February 25, 1943, at 10 o'clock A. ### DER FUEHRER CHANGES FACE

Ten years ago tomorrow Adolf Hitler became chancellor of Germany. In ten years the world has changed greatly—and so has Hitler.

In 1933 the man who walked into the chancellery was trim, slender, vigorous. Now, as shown in recent photos, he has sagging jowls, pouchy eyes, enlarged midriff, double chin.

Hitler took office with a military record as a mere corporal in World War I. In ten years he has become the "master mind" of the German army, directing by "intuition" generals who have spent their entire lives in the study of military science.

When Hitler wrote "Mein Kampf," he emphasized that Germany must expand at the expense of Russia. He believed a war on two fronts would be ruinous. He maintained that "there is today no longer a necessary British interest in crushing Germany," and that to gain England's favor, no sacrifice would be too great. He professed "the most profound admiration for the great man (Mussolini) south of the Alps." In the course of ten years, events showed, he changed his mind (at least once) on all these matters.

His change regarding France was especially remarkable. In "Mein Kampf" he thundered that France was "the mortal enemy of our nation." But after his armies had overrun France and he sought French collaboration, he said he had always "ceaselessly striven to improve our relations with France. Germany had no intention whatsoever of infringing on the integrity of the French empire."

When the Nazis came to power, Hitler preached "kinder, kueche und kirche," as the ideal role for women. Now fifteen million women are working in factories or doing other war jobs. He preached the sanctity of the home. Today some 2,500,000 children are cared for in Nazi party institutions. He preached the importance of marriage and parenthood. But he has never married.

Hitler in "Mein Kampf" said that "as long as there is no apparent substitute," present religious creeds "can be demolished only by fools or by criminals." But under his regime, clergymen are forbidden to visit the sick in state-owned hospitals or to give religious instructions in schools and the Gestapo has seized numerous convents and other religious houses.

### CONGRATULATIONS, MR. ROOSEVELT

The 61st birthday anniversary of Franklin D. Roosevelt tomorrow finds him rounding out ten tempestuous years in the White House with "security" still the theme song of his amazing presidential career.

Through a decade of precedent-smashing economic recovery and reform measures, of bitter political strife and finally of this country's involvement in war, the right of all to "a comfortable living, secure from the fear of poverty and of war" has been the keystone of his political preachment.

His latest dramatic hazardous excursion in the interest of a better world has demonstrated to the nation that Mr. Roosevelt's conception of "Commander-in-Chief of the Armed Forces" is not just an honorary title.

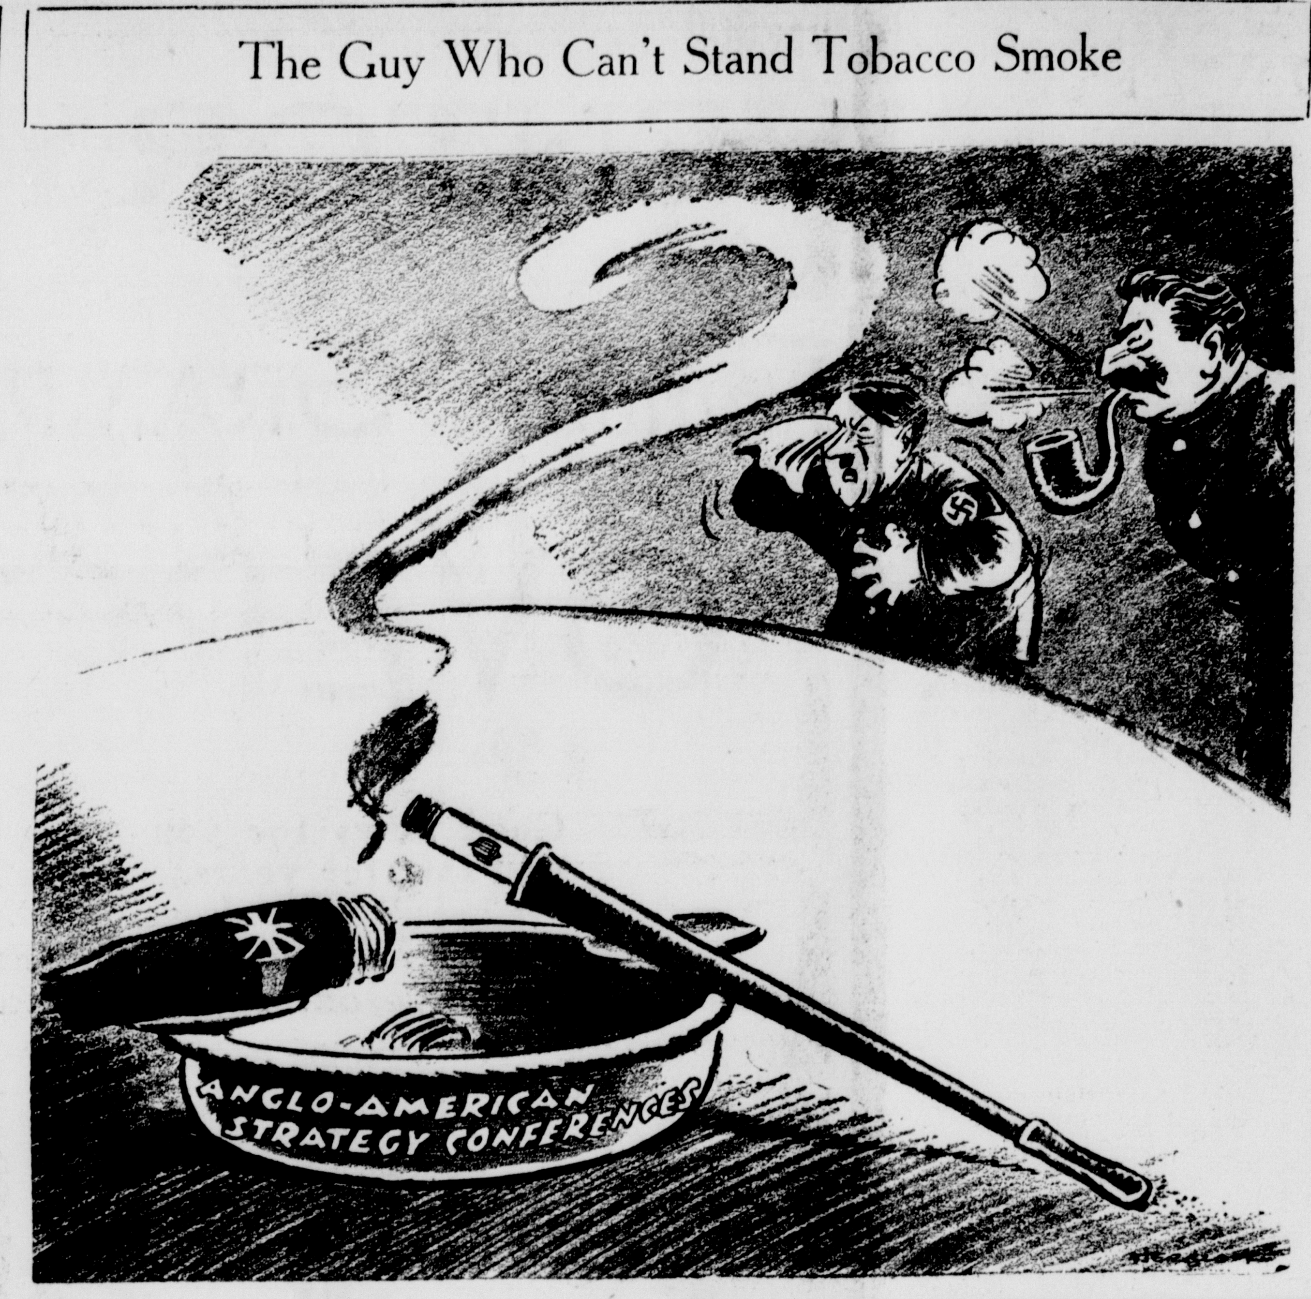

George M. Cohan's famous song "It's a Grand Old Flag" might have been dedicated to the Pennsylvania woman who made the first American flag—Betsy Ross. Tomorrow marks the 106th anniversary of the flag-maker's death, according to the Department of Commerce. Like the millions of women of today who are serving their country in their own particular fields, Betsy Ross was among the first to make her contributions to America by giving it its first flag.

If you doubt the stories of a growing scarcity of newsprint read this from Canton, O.: "The Repository, Canton's only daily newspaper, asks its readers to buy no more than one edition daily and to pass the one copy around to others. In this way, the Repository says in a front page article, readers can help to meet limitations forced by the curtailment of newsprint."

Dispatches received by the Times-Mirror today convey the information that Warren county boys are getting in some good licks against the Axis. And there are still many more to come.

Don't forget—tomorrow is tag day for the Infantile Paralysis Fund and the event is being sponsored by the Zonta Club. It'll make it easier for the solicitors if you have change ready.

That light snow of Thursday laid the dust at least for a while.

### The Guy Who Can't Stand Tobacco Smoke

### What It Means

By JOHN GROVER

IT'S a cloakroom consensus that the new Congress will make revision of federal labor laws an early order of business.

The wildcat strike in the anthracite coal fields was significant in that it was the first revolt against union leadership from within the ranks. It gave the advocates of restrictive labor legislation the powerful argument that union members are demanding legislative protection from dictatorial union bosses.

In the past, legislation to force unions to accept a greater measure of legal responsibility was introduced by solons whose records were not exactly pro-labor. The lineup on the measure sponsored by Rep. Howard Smith (D-Va.) found Southern conservatives solidly behind it.

This lineup permitted labor publicists to raise the cry that powerful employer interests were on the march to erase all labor's gains since 1932. Administration pressure hurried the restrictive statutes in Senate committee.

Now, however, the infernal demand of rank-and-file union members for labor law revision is a powerful new factor in the picture. Louis Novitsky, president of an anthracite miners' local, put the trend into words in his statement that: "I'd rather work under the soldiers than John L. Lewis."

This brings dissatisfaction among the anthracite miners into the open. A potential groundswell of similar opinion in other unions where leaders have acquired wide powers while suppressing union elections is held by Capitol Hill analysts to be imminent.

Veteran pro-labor legislators are put on an unhappy spot by the in-the-ranks revolt.

In the first place, public opinion generally has been deeply concerned by the anthracite strike. No excuse for failure to mine was vital coal seems valid to the general public. Even such an orthodox New Dealer as Harold Ickes took a grave view of the coal situation.

Secondly, the split between local unions and national leadership demands that legislators make a choice between the adversaries.

Advocates of laws to clip the wings of labor leaders will line up with efforts to "rescue" him from allegedly dictatorial labor bosses.

What some regard as the failure of labor statesmen to clean house thoroughly after disclosures that powerful posts in the labor movement were held by ex-convicts and other smelly characters has been a handicap to those legislators who would block any labor law revision. That some unions are dominated by cliques which have prevented national union elections over long periods of years is cited as argument for regularization and standardization of union practices by law.

The coal strike, while immediately serious in an area facing grave fuel shortages, would not take rank as a major industrial dislocation. It is important, however, for the train of probable events it has set in motion.

As the best-informed analysts see the picture, laws to prevent wildcat strikes and guarantee uninterrupted war production seem to have an odds-on chance of passage. Legislation to fix responsibility of the unions in industrial disputes, to standardize union elections and to make accounting for dues mandatory is accorded an even chance. It's likely that some hidebound and reactionary curbs will be introduced, but they are accorded no chance by observers here unless some basic war industries are widely affected by serious labor trouble during their consideration.

The coal strike, basically a strike of union members against their leaders rather than against management, is most significant in its implication that even within union ranks there is sentiment for reform. This indicated trend seems certain to spur Congress, already under heavy outside pressure, to stabilize industrial relations during the war.

Interesting Items Taken From The Warren Evening Times

In 1923 The Hoff Business College has organized a basketball team and will play its opener with the North Warren Five.

One hundred and twenty-five men discussed "Citizenship" at the meeting of the Life Study Club held last evening. H. B. Rowland was the leader.

At the Warren Armory this evening Company I will undergo its Federal and State Inspection. Captain Cahill will represent the U. S. Army at the inspection.

The City Taxi Company has added another new Yellow Cab to its fleet in this city.

Success has marked the efforts of the Warren Water Company to add to their supply in the drilling of another well at Glade Run. The new well is a strong one and furnishes clean, cold water.

Robert Bairstow, Jr., son of Mr. and Mrs. D. F. Bairstow has passed the Junior Life Saving test at the Washington Division of the Y. M. C. A. pool.

In 1933 The cream colored sport roadster owned by Roy Russell was stolen from a parking place on Fourth avenue last night. No clue as to its whereabouts has been received by the police.

A terrific windstorm swept over Garland Sunday night and did considerable damage. Roofs and trees were damaged by the winds and many windows in homes were blown in.

Robert C. Kitchen, son of Mr. and Mrs. R. R. Kitchen has won high honor in being chosen as honor man of the Sixth Company, U. S. Naval Training Company at Newport, R. I.

Due to the slippery condition of the highways motorists are asked to operate their cars with greater care than usual.

### Hollywood Gossip

ADDITIONAL new United States postage stamps are expected to follow the United Nations two-cent and Four Freedoms one-cent. Artists have submitted designs for a set of stamps commemorating nations that have been disrupted by war.

President Roosevelt, with his interests in stamps, has asked that designs include a symbolic phoenix bird as well as something representative of the individual country each stamp honors. The phoenix, by Egyptian mythology, reappeared at intervals to burn itself on an altar, then arise young and beautiful from its own ashes. Dr. wings usually depict the bird as something of a cross between an eagle and a peacock.

The post office department has been asked for a stamp honoring Nancy Hanks Lincoln, out although Mother's Day marks the 125th anniversary of her death, it is probable that this request as well as requests for stamps honoring other individuals will be put off until peace time. Stamps are too valuable in promoting the war effort. In the meantime, word from Washington is that the new envelope stamps, originally planned for release about a year ago, may become available within a few months.

A NEW 50 franc airmail has been issued for Dahomey, French African colony, apparently by Vichy. The stamp is oblong and shows a camel caravan at an oasis, in blue, against a green border.

COLOMBIA has issued a new 10-cent airmail to commemorate the 40th anniversary of the scarcely remembered but highly effective "Treaty of Wisconsin." Back in 1899 revolutionary war broke out in the Latin American republic, and it went on for three years until, at the instance of the captain of the U.S.S. Wisconsin, representatives of the conservative government and the liberal party which had been conducting the revolution, met on board the warship on Nov. 21, 1902, to sign a peace treaty. It was Colombia's last civil warfare. Unfortunately, the stamp is poorly perforated and centered. Color is a pale red-orange, and signatories to the treaty are shown.

### The Gremlins

DARN THE WAR! IT'S A NUISANCE! NO GAS. NO TIRES. NO COFFEE. NO SUGAR. NO HEAT. NO NOTHING BUT A LOT OF SHORTAGES!

ATA BOY, MR. GROWLER, YOU'RE HITTING ON ALL EIGHT TODAY. KEEP IT UP. IT SOOTHES ME.

AND MY NEPHEW WRITES HERE THAT ALTHOUGH THINGS AT THE FRONT ARE OFTEN ALMOST UN-BEARABLE, THE MORALE IS SPLENDID AND THERE IS NEVER ANY COMPLAINING.

### T-H-O-U-G-H-T-S

I will bear the indignation of the Lord, because I have sinned against him, until he plead my cause, and execute judgment for me; he will bring me forth to the light, and I shall behold his righteousness.—Micah 7:7.

To err is human; but contrition felt for the crime distinguishes the virtuous from the wicked.—Alfieri.

## Wildcat Park Auxiliary Elects Officers and Reports Activities at Annual Business Meeting

The annual business meeting of the Wildcat Park Auxiliary was held at the Red Cross headquarters on Tuesday evening, January 21st. Mrs. Albert Carlson was re-elected president. Mrs. John Franos was elected secretary, and Mrs. M. I. Jones was elected to membership on the executive board. Other officers and members of the executive staff are as follows: Vice president, Mrs. Wilbur Johnson; treasurer, Mrs. Walter S. Cox; Mrs. G. W. Olmsted and Miss Millie Morellis, members of the executive board. Mrs. Jones was elected to serve for two years in place of Mrs. Benjamin K. Connelly, whose term had expired. The Auxiliary has had many activities during the past year. These have been of benefit to both Wildcat Park and the community at large. During the earlier part of the year they furnished the De Forest pavilion with the following kitchen utensils: 1 tea kettle, 2 coffee pots, 1 percolator, 2 large bowls, 12 glasses, 5 chore balls, 6 dish cloths, 4 pot holders, 9 towels, 1 egg beater, 1 wire beater, 4 strainers, 1 large fork and spoon, 10 sets of salt and pepper shakers, 3 paring knives, 1 can opener and 2 dish pans.

The Auxiliary which had also assumed the responsibility of paying for the materials for the erection of a new open air shelter in Wildcat Park, saw the completion of this project when the building was dedicated and opened to the public last summer. 1 hot plate for this shelter was also purchased by the Auxiliary.

With the drafting of the Ludlow boys bringing the war closer to many of the families who are members of the Auxiliary, they turned their activities to war work, with the establishment of a soldier's fund. This fund has been used to send approximately sixty boxes of cookies, cigarettes, candy, etc., to the Ludlow boys in all branches of the armed forces. During the latter part of the year all Auxiliary meetings have been held in the Red Cross headquarters, where the members have devoted their usual meeting time to sewing for the Red Cross.

The entertainment committee of the annual meeting was Mrs. Wales W. Connelly, chairman; also Mrs. William Hanson, Mrs. E. J. Miller, Mrs. Wilbur Johnson and Mrs. Everett Johnson.

## COMING AND GOING

Mr. and Mrs. W. N. McCreight, of DuBois, are visiting at the home of the latter's father, George Geracimos, Sr., 12 Hertzel street. Mrs. McCreight is the former Martha Geracimos.

Mrs. R. M. Follett, of Cleveland, O., is here for two weeks visit at the home of her sister, Mrs. N. D. Paterson, Pennsylvania avenue, east. Another sister from Cleveland, Mrs. E. H. Season, will come next Wednesday to spend the remainder of the week.

## Orchestra To Play At Sunday Service

Harry Summers and his young people's orchestra will play at the Sunday evening service of the First Presbyterian Church of Tomorrow and Miss Mathilda Steinhoff, of the high school faculty, will speak on "Mexico". She will have with her, also, a number of interesting articles brought back on her repeated visits to this Latin American country.

As this will be National Youth Sunday, "Loyalty to Christ", an attractively printed worship service provided by the Presbyterian Board of Christian Education, will be used. Milton Olson will preside, Anna Mae Olson will read the Scripture and Donald Unangst will lead in prayer.

Both morning and evening services will be held in the main auditorium of the church and will continue to be held there during the cold weather to conserve fuel oil.

Subject of the sermon on Sunday morning will be "How Firm a Foundation".

## Dinner Party For S. S. Class Enjoyed

Dr. and Mrs. C. J. Frantz were host and hostess at their home, Pennsylvania avenue, east, Thursday evening to members of the doctor's First Lutheran Sunday school class.

Twenty-four members and special guests included Ralph H. Wagner, general secretary of the YMCA, and Dr. H. A. Rinard, pastor of the First Lutheran church. Following a delicious dinner, Mr. Wagner led a discussion on the topic "The Christian and the Future World." Roger Webster, class member, sang several pleasing selections.

An interesting fact was brought out, that 15 members of this class are now in the armed services. Those attending voted the evening one of the most enjoyable in the class history.

## Potatoes a Valuable Food

Vitamin C, vitamin B1, iron, protein, starch—so reads the list of food values present in all potatoes. Sweet potatoes score on two more counts. They are a good source of carotene, which the body can change into vitamin A. They also have some sugar. To get the most from potatoes, cook them in their jackets. When potatoes are peeled keep peels in them. Prized minerals lie close beneath this surface. Peel potatoes just before they are cooked to save minerals and vitamins.

## Homemakers Have Big Part In Today's Living

The role of women in the homes today is not a dramatic or spectacular one. The mental, emotional, and physical tone of the entire family depends to a great extent on how the homemaker carries on.

Children react toward the war and the changes it brings by the way their parents act. In England it has been found that "children can take it if parents can." When children ask parents if they are afraid of bombs, they should be answered truthfully. Of course everyone is afraid of bombs and there is real danger in them. However, it is hoped that bombs won't be dropped here, but every precaution is being taken to protect the American family.

Families assist in civilian defense activities, take part in air raid and blackout drills, and provide shelter and blackout rooms. It is not intended to excite or alarm children, but there is security in being one of many in a group, all of whom are facing the same dangers.

Not knowing what to expect or what it is all about fosters fear, for parents to refrain from talking about the war to children keeps them from building up feelings and attitudes toward it. It would be well for parents to form wholesome attitudes, then talk with their children and give them as clear a view of the present situation as possible. Knowing what the dangers are helps to relieve fear.

The way parents say things makes more difference than what they say. Children get their feelings from the tone of voice that parents use and their apparent excitement or calmness.

It is known that unguided and uncontrolled fear is destructive. Fear releases energy and this energy needs to be used. This extra energy can be put to good use if parents will find constructive things for their children to do.

## Inventory Now Makes Future Planning Easy

Now is the time to find out your real financial worth for the past year. Check your household equipment and furnishings, your reserve cash and securities, and the value of your property and farm equipment. At the same time that you make an inventory of your resources, total the bills and debts you owe.

If you have never made an inventory, here are a few suggestions. Take a pencil and paper, make a list of all the furnishings and equipment, your cash, securities, insurance, and property that you had January 1, 1943. In one column put the amount you would have to pay to replace the items or what they would have sold for on January 1. The total in the second column is the value of your resources.

Next list all the bills and debts you owed at the beginning of the year. Subtract the amount of these liabilities from the total of your

## resources to get your financial worth at the end of 1942.

Now you can look ahead and plan for the future. You can examine carefully every piece of equipment and make a check mark on the inventory list beside each item that needs repairing or replacement. By making repairs now, all equipment will be in good running condition for the busy days ahead.

Thrifty homemakers who follow such a procedure are not only planning for the best use of their time and equipment, but are adding to the family's financial worth for 1943.

## HOW TO MAKE YOUR MEAT GO FURTHER

Nutrition authorities say that feeding her family is one of the most important in the war effort. For nourishing food is going a long way toward building strength and morale on the home front.

At the same time, women are being called upon to conserve food as a wartime necessity. This means they must use every ingenuity to eliminate waste and get the most out of the food they buy.

How to make their meat go further seems to be a subject of especial interest, since building meals around this food is an American tradition. So home economics experts have come to the rescue with all sorts of ideas and recipes designed to extend the meat purchase as far as possible.

Here are a few of many practical ideas along this line.

## BEEF BRISKET

First meal. Brisket cooked with beans is a delicious dish for the first serving. The beans are soaked over night and brown sugar, onion and seasonings added, then placed in a covered kettle with brisket on top. Brisket and beans should be covered with water and cooked in

a moderate oven for about three hours.

Second meal. Broiled toastwiches suggested for the second meal, are prepared by slicing left-over brisket and making into sandwiches. The sandwiches are dipped in beaten egg and milk and broiled until brown.

Third meal. The left-over meat from the brisket may be ground and combined with boiled rice and seasonings to make a stuffing for green peppers. These are baked in a hot oven until done—about 45 minutes.

BLADE END OF PORK LOIN

First meal. Blade end of the pork loin is excellent for a roast. The end cut is lower in price than the center cut. Roasting is easy when a few simple rules are followed. The roast should not be covered and no water added. A low temperature saves both meat and fuel. A bread dressing, shaped in balls and placed around the roast half an hour before it is done, will extend the servings. This roast requires 30 minutes per pound.

Second meal. The cold slices of roast pork are delicious heated in barbecue sauce.

Third meal. The trimmings from the roast make a surprise supper dish when combined with cream sauce and served between layers and over the top of biscuits as Pork Short Cake.

## LAMB SHOULDER

First meal. A stuffed lamb shoulder is a thrifty roast. The bones may be used to season vegetables or to make soup stock. A tasty stuffing is made for it by combining whole kernel corn, cracker crumbs, seasonings and minced green pepper. The roast is placed on a rack in an open pan and about 40 minutes per pound allowed in a slow oven.

Second meal. For the next night's main dish, combine cubes of cold roast with left-over vegetables and enough gravy to hold together. Place mounds of the mixture on squares of pastry and fold over to make a triangle. Pluck the edges together. Brown in a hot oven. These are called Pasties.

Third meal. The remaining lamb "bits" may be ground and mixed with cooked oatmeal, an egg and seasonings to make Scotch Pancakes for supper or for breakfast.

1913-21: Assistant Secretary of the Navy.

1929-33: Governor of New York State.

1933: President of the United States.

1940: Confidently facing a third term.

Athlete, editor, lawyer, politician, country squire, governor, President—that is the active 61-year career of Franklin Delano Roosevelt whom destiny has chosen to lead our nation through one of the most perilous periods in U. S. history. Here are some of the highlights in President Roosevelt's life: born Jan. 30, 1882, in upstate New York; attended fashionable Groton boy's school (football player) and Harvard University ('04); married his sixth cousin, Anna Eleanor Roosevelt in 1905; studied law at Columbia; elected to New York state senate in 1910; named assistant secretary of the Navy in 1913 by President Wilson; unsuccessful vice-presidential candidate in 1920; stricken with infantile paralysis in 1921; returned to politics in 1924, backing Al Smith's nomination as presidential candidate; elected New York governor in 1928; President of the United States since 1933.

## GYM MEETS AT Y. M. C. A.

The monthly event in the Physical Department at the local "Y" this month is the gymnastic meets.

On Wednesday evening the older boys swung into action with the group being divided into two weight classes, 110 lb. and unlimited. Ken Bartsch, one of Warren's up and coming gymnasts, took the all around in the unlimited class when he made a clean sweep of all the first places for a total of 20 points. In the 110 lb. class "Bill" Carter came out in the top position with 13 points just nosing out "Don" Nelson who had 12 points.

The results of the meet as follows:

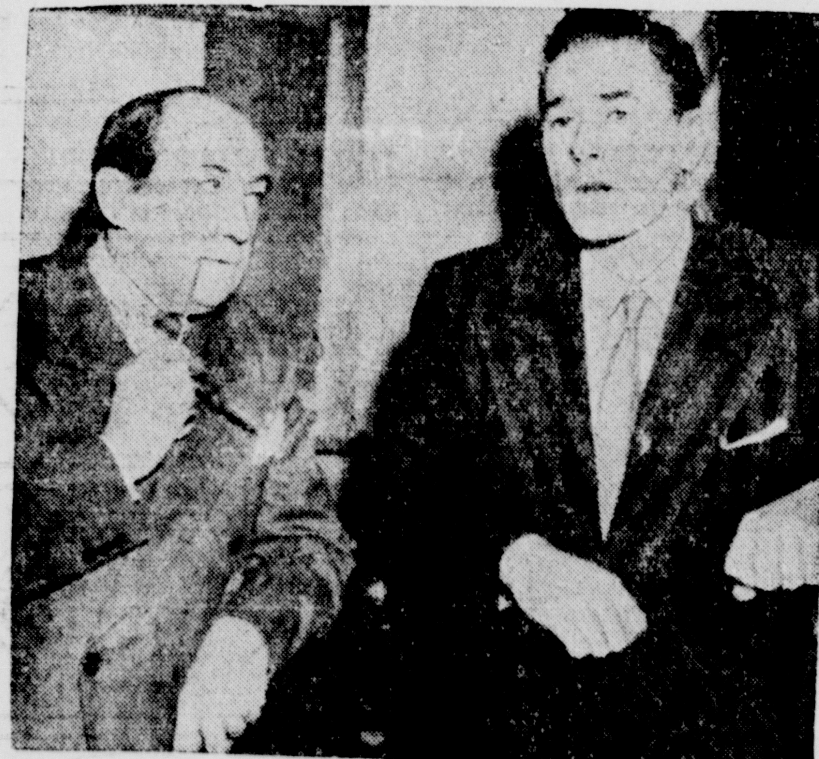

**110 lb. Class**  
Mats: 1—Dean Nelson; 2—W. Carter; 3—D. Dalrymple and E. Eckstrom; 4—W. Fitzgerald.  
Horse: 1—E. Eckstrom; 2—W. Fitzgerald; 3—W. Carter and R. Dunkle; 4—D. Nelson.

## State Hospital Staff Members Produce Book

Two staff members of the Warren State Hospital have collaborated in writing a new book called "Introduction of Psychiatry." This is the culmination of three years' work by Dr. W. Earl Biddle, senior physician, and Miss Mildred Van Sickle, R. N., director of the Affiliated School of Nursing. In the foreword, Dr. William C. Sandy, director of the bureau of mental health, explains the need for a book of this type, especially at a time when there is a rapid turnover of hospital personnel because of the war.

The publishers, W. B. Saunders Company, of Philadelphia, have advertised the "Introduction to Psychiatry" extensively in the national nursing journals. It is expected that the first review will appear in the February issue of the Public Health Nursing magazine.

Dr. Biddle is a graduate of Jefferson Medical College, and has been a member of the Warren State Hospital medical staff since 1936. He is a member of the American Psychiatric Association, the American Medical Association and the Warren County Medical Society, being chairman of the mental hygiene committee of that organization. He is also a member of the Warren Council Knights of Columbus and the Warren Academy of Sciences.

Miss van Sickle entered her nursing career at the University of Pennsylvania Hospital, and received her bachelor's degree at the University of Pennsylvania. She took post-graduate work at the Pennsylvania Hospital for Mental and Nervous Diseases in Philadelphia. She was on the staff of Torrance State Hospital before coming to the Warren State Hospital as director of the Affiliated School of Nursing. Her professional affiliations include the National League of Nursing Education and the American Nurses' Association. Locally she is active in the Red Cross, being an instructor of the home nursing courses. She is also a member of the American Association of College Women and the Business and Professional Women's Club.

## FLIES BOTHER RHINOCEROS

In spite of the fact that its hide will stop a bullet, flies cause a rhinoceros much discomfort. The flies know just where to bite, crawling into the creases of the armor-like hide where the skin is thin and soft.

idle land in Pennsylvania which will continue to remain idle and unproductive unless planted with tree crops, and there are very few farms which do not have idle fields that could be planted. Tree planting is done before the spring work begins on the farm and before the fields are ready for plowing for crops. As soon as the frost is out of the ground and while it is still wet is the best time for planting. Farmers may find it advisable to do the planting themselves and two men can easily plant 1,000 trees a day.

Order blanks, lists of stock available, and an illustrated booklet giving planting methods and complete tree descriptions may be obtained from the Department at Harrisburg or the office of the District Foresters throughout the state.

## Order Blanks Available For Land Owners

Harrisburg, Jan. 29.—The Pennsylvania Department of Forests and Waters announced today that order blanks are now ready for Pennsylvania land owners who wish to avail themselves of the Department's offer to supply forest tree seedlings for reforestation and planting idle lands in the state during the spring planting season of 1942.

Forest tree seedlings are available at the average production cost price of \$2.00 per thousand. A thousand trees are enough to reforest an acre at the usual spacing distance which is six by six feet. An order of 1,000 trees may be made up of 1,000 trees of one kind or 500 trees of two different kinds.

There are thousands of acres of

## The Warden Shoots the Works

The local air raid warden of a small mountain village invented his own scheme for warning the community—but it didn't work very well.

Receiving the blackout order by telephone, he stepped to his porch and fired his shotgun. The shot severed a power circuit, which fell on the telephone wires and burned them through. The blackout was perfect, but for some hours the village had no lights, no power, no telephone service, no all-clear signal, plenty of confusion.

Since the whole civilian defense system depends so much upon swift telephone communication, telephone lines must be kept clear during and after air raid warnings. Please remember—for your own protection—when the sirens sound, don't use the telephone! The Bell Telephone Company of Pennsylvania.

## F. S. A. Will Buy Promising Milk Cattle To Save Them

W. Levant Alcorn, Farm Security Administration supervisor for Erie, Warren, and McKean Counties, announced today that FSA is prepared to buy promising calves, heifers and cows apt to be sold for slaughter in this area.

The animals will be resold to other farmers here or elsewhere. The new FSA program is designed to increase production of milk, critical shortages of which are developing constantly throughout the East.

If it is necessary to re-sell the cows at a reduced figure to reimburse buyers for their keep until they fatten, the supervisor said, FSA is prepared to do so. It will also transport the animals to their new homes.

Every quart of milk we can get is needed. Severe milk shortages have occurred in areas where population has been greatly increased. There is every indication that extreme difficulty will be encountered in even maintaining present production.

"The increased demands for the armies of the United Nations, for the lease-lend program and for civilian war workers, and other domestic consumption generally will require every possible pound of milk and dairy products which can be produced.

"I have no doubt but that farmers will cooperate with the Government and keep as many cows as possible through their dry periods. The Government is calling for volunteers here; and I know

our farmers won't let their country down."

"Many farmers are finding it necessary to cut their herds because of labor and machinery shortages or lack of other facilities. He added that he believed that a number of small farmers here, most of them with sufficient labor in their own family, could handle the cows over their dry period. He said he would try to interest 4-H Club and Future Farmer members in raising good heifers.

"We will buy for cash and sell for cash, or on time," the supervisor said.

J. H. Wood, Maine-through-Maryland regional director, advised the supervisor to put the program into effect immediately. "I am confident that with the cooperation of the farmers we can stem the decline of herds," Mr. Wood said. "We are determined that henceforth no good milk-producing cow will go to the butcher."

The regional director instructed Mr. Alcorn to appeal to farmers to sell good milk cows to the FSA. He advised him also to seek out farmers who could keep cows and help maintain the region's milk production.

The Department of Agriculture assigned FSA to the job after various reports indicated that many herds throughout the region were being dispersed because of shortages of labor, feed and facilities.

## Commander Named For This Area of the Salvation Army

Brigadier Ralph Miller

Mrs. Brig. Miller

Commissioner Ernest I. Pugmire, eastern territorial commander of New York City, has announced the appointment of Brigadier Ralph Miller of Newark, New Jersey, to the command of the western Pennsylvania area of Salvation Army operations.

Brigadier Miller has been associated with the organization for twenty-five years, during which time he has served as a field officer, secretary for young people's work, and in the executive divisional administration. For the

last five years he has commanded the northern New Jersey division.

Brigadier and Mrs. Miller will arrive in Pittsburgh on February 4, and will be publicly installed by Commissioner Ernest I. Pugmire.

Major and Mrs. Walter Daniels of the local Salvation Army will participate in these services and in the special officers' conferences arranged in connection with the installation. Many problems affecting the operation of the organization, war needs and expanded service will be included in the agenda of the councils.

### PITTSFIELD

Mrs. Ed Johnson was hostess to the Neighborhood Garden Club in her home for the January meeting. The December meeting was not held because of high water conditions, so there were four members to be presented with birthday gifts at this meeting. They were Carolyn Johnson, Lucy Anderson, Evelyn Hannold and Lelia Gyer.

Following the business session they worked on a quilt, proceeds from the quilt when finished to be used to send gifts to club members' soldier boys. Each member received a flower basket calendar and memo pad from the club treasury. Miss Anna Anderson assisted the hostess in serving a delicious luncheon. The February meeting will be held with Mrs. Horace Franklin.

There was a large attendance on Thursday afternoon when Mrs. Margaret Smith entertained the Ladies' Aid in her home. The business session was conducted by the president, Mrs. Wesley McIntyre. Plans were made for the making of rugs, also for sewing garments for the Red Cross. Other officers of the Aid are: Vice president, Mrs. Smith; secretary, Mrs. Osgood; and treasurer, Mrs. Margaret Smith. Mrs. M. Teconchuk was co-hostess.

Just as was done last year, the March of Dimes and Victory Book Drive are being carried on at the same time with the following workers: Mrs. M. Teconchuk, Mrs. Wm. Durlin, Mrs. A. Abraham, Mrs. M. Smith, Mrs. A. Johnson, Mrs. R. Brezelle, Mrs. Mildred Danuski, Mrs. Margaret Danuski and Mrs. F. Freeman.

Last year 67 books were collected and it is hoped that many books will be given this year as we keep in mind, "Give the book you would like to keep."

Early last week thirteen boxes were sent to Garland and Pittsfield boys now serving overseas. At the Bingo party held in the Pittsfield Inn on Thursday evening twenty-one boxes were packed to be sent to our boys serving in this country. These boxes all contained home-made cookies, toilet articles, cigarettes, etc. As each box was valued at \$1 the two boys, Cecil Loomis and James Stock, home on furlough, received their gift in cash. Those who did not help with the packing of these boxes enjoyed playing Bingo.

One of the aprons being circulated netted the club \$3.23. The patches and money were removed and the apron was again sent on its travels from neighbor to neighbor. There were many personal donations to the club treasury, including a gift of ten dollars from Mr. and Mrs. Philip Freeman and Pittsfield school, taken from the money which the school received

## PILE TORTURE RELIEVED

The maddening, itching, burning, the sting, the throb, are lessened and often greatly relieved by using Antiseptic San-Cura Ointment.

lessing at her home here following a major operation performed in the Jamestown General Hospital.

Mrs. Anna Flow and son, Julius, returned to their home here last week after spending a few weeks with Mrs. M. Burick, of Erie.

Mr. and Mrs. Elmer Burick, of Erie, announce the birth of a daughter, Susanne Marie, on January 3. Mrs. Burick was formerly Miss Mary Teconchuk, daughter of Mr. and Mrs. Pete Teconchuk.

Mr. and Mrs. Fenton Hazeltine (formerly Dorothy Cady) are the parents of a 9½ lb. son, born January 19.

Mr. and Mrs. Richard Brown and daughter, Ethel Mae, of Buffalo, were weekend guests of the latter's parents, Mr. and Mrs. Allie Cady. Mr. and Mrs. Brown were called by the serious illness of Mr. Brown's father in Jamestown. Mrs. Brown is the former Vera Cady and the little daughter Ethel Mae, was born Dec. 23.

Mr. and Mrs. John Bobelak and son, Paul and Mr. and Mrs. John Bobelak, Jr., and daughter, Barbara Ann, of Warren, were Sunday guests of Mr. and Mrs. Metro Teconchuk.

George Peters, of Geneva defense plant, spent the weekend with his family, who are living in the apartment over Brooks store. Miss Doris Peters, who is employed in Warren, was home over Sunday.

Cpl. Julius Stock is enjoying a furlough with his parents here. Mr. and Mrs. Stock are one of Pittsfield's four-star families.

Mr. and Mrs. Keith Hannold were guests of Mr. and Mrs. R. Chipman, of Bear Lake.

## APPEAL IS MADE FOR SKILLED MECHANICS

In order to carry on the vital work now in progress at the Pearl Harbor Navy Yard, Territory of Hawaii, the U. S. Government appeals to all skilled mechanics, helpers and laborers, to further this war program.

The lower age limit for journeymen is 20 years and for helpers and laborers 18 years; with the same maximum for all, 62 years of age.

"The extremely urgent need for these men at Pearl Harbor cannot be stressed too much," stated C. D. Hertzog, Director of the Third United States Civil Service Region.

Numerous positions are vacant, but those most needed are:

Electricians (Ship & Shop, \$1.58 an hour.

Machinists \$1.58 an hour.

Classified Laborers, 88 cents an hour.

Time and a half is paid for all overtime.

Suitable experience is required to qualify for these positions, and applications will be approved by the U. S. Civil Service Commission according to requirements already established. Four years of experience in the trade is the usual requirement for journeymen positions, six months for helpers; and for laborers, six months experience above the class of mere laborer or four years of common school education.

### VALUABLE FATS AND OILS

More than three-fifths, or 3,561,966,000 pounds of animal and vegetable fats and oils consumed in factories during 1941 were used in the production of soap and shortening, according to a government report.

No human being has been killed by meteorites so far as is known.

# Attention! ALL USERS OF GAS

Pursuant to recommendations of a gas conference held recently at Buffalo, N. Y., the Chairman of the War Production Board has issued an appeal to the residents of this area which reads as follows:

"A serious over-all shortage of natural gas now exists in western and southern New York and northern Pennsylvania. This natural gas is necessary to the operation of many vital war plants and essential civil services. The gas shortage threatens continued operations of these plants and services. Already some war plants in this area have been forced to curtail production for lack of gas during the recent severe weather.

"The power director of the War Production Board in collaboration with the armed services and other federal agencies, is doing everything possible to dispatch gas to those regions where it is needed most. These efforts, alone, however, cannot relieve the situation quickly enough to safeguard continuance of operations in essential war plants in the area. Only the residents of this area can bring instantaneous aid to these plants.

"The great bulk of the gas sold by your gas company goes to residential consumers for use in cooking, space heating and water heating. Compulsory gas rationing of domestic consumers is undesirable and I believe unnecessary. I believe that if residential consumers are told the facts, they will willingly ration themselves. I appeal to the residential consumers to reduce their gas consumption by one fourth during the next ten weeks, the peak of the winter. If they do this our war production will be assured of enough gas to continue operations unhampered. If they don't, war production in this area will suffer. Here are some of the steps residential consumers can take to reduce their consumption: 1. Don't heat your house over 65 degrees. 2. Close off and don't heat any rooms not absolutely needed. 3. Don't under any circumstances use your range oven for heating purposes. 4. Prepare meals which require a minimum of cooking. Residents of the area, I know you will all agree to reduce your use of gas during the next ten weeks by one fourth to permit our war plants to continue uninterrupted production.

(Signed) DONALD M. NELSON

Pennsylvania Gas Co., in cooperation with the War Production Board, urges all users of gas in this area to comply with Mr. Nelson's request. We, too, believe that gas users "Will willingly ration themselves."

## HITLER'S DECADE: TEN YEARS OF TERROR

1933 ADOLF HITLER named German chancellor on Jan. 30; Nazi party gains power.

1933 REICHSTAG burned; 5000 communists arrested; Nazis begin reign of terror.

1934 PRESIDENT HINDENBURG (receiving mock bow) dies; Hitler is Fuehrer.

1935 HENCHMAN Hermann Goering breathes Luftwaffe, with dive-bombers like this destined to spread war devastation in Europe. Meanwhile Hitler persecutes Jews, burns books, creates Gestapo, Storm Troopers, concentration camps. Arrests of Pastor Niemoller, right, in 1937-38, symbolize religious oppression.

1936 ROME-BERLIN axis formed as Mussolini teams with Hitler, the rising dictator in Europe. At Munich beer hall, scene of 1933 putsch, Fuehrer meets annually with cronies like Hess the Parachutist, left, and Goering.

1938 AFTER AUSTRIA grab, Hitler moves in on Czechoslovakia, outwitting appeaser Chamberlain at Munich, above. Year later Germany's Ribbentrop signs Nazi-Red pact with Stalin.

1939 HITLER'S ARMY invades Poland, plunging the world into its greatest conflict in history.

1943 AFTER 3½ YEARS of war, flabby-jowled, graying Hitler faces inevitable defeat and an end to his decade of death-dealing.

## TAG DAY

SATURDAY, JANUARY 30th

**Give generously on this day... Join hands in an effort to solidify the U. S. A. in one of the very greatest fights on the home front --- the war against infantile paralysis.**

Send Contributions to M. L. Dougherty, Zonta Treasurer, City Building

On January 30, 1943, President Roosevelt will observe his 61st birthday. As always, his birth date is dedicated to support of the Warm Springs Foundation, where those crippled by infantile paralysis may find new hope, new strength and often complete cure. This year, Warren's tribute will be the March of Dimes. These dimes from all over the country will flow into Washington and dollars arise to wage an increasing war on one of the greatest enemies of mankind---infantile paralysis, a scourge which strikes down innocent children before they have been able to build up sufficient resistance to this great menace.

The fact that all the world is at war to make liberty sound and secure can only emphasize the fact that each child who is to grow up to enjoy the freedom for which we fight, must, too, be sound and sure of the capacity to invigorate that freedom and perpetuate it through his or her understanding and strength.

One-half of the proceeds raised from this project remains in Warren County for the care of indigent paralysis cases, the balance will be sent to the National Foundation for research and for the assistance of stricken communities.

FUNNY BUSINESS

"They're to catch mermaids when we submerge, sir!"

The V-Home conservation slogan is the old New England adage: "Eat it up, wear it out; fix it up, or do without." If it's rubbers, Junior would rather do without—but the family's health must be conserved, too, as our most valuable resource in this total war, warns O.C.D. Is yours a V-Home?

Obituary

JOS. E. SCHWAB'S FUNERAL. Funeral services were conducted Tuesday, January 26, at the East Hickory Free Methodist church in memory of Joseph Ellsworth Schwab, after prayer service at the home. Rev. Smith, his pastor, was assisted by the Methodist pastor, Rev. H. Stevenson. Other former pastors present were Rev. Stimer, of Youngsville Free Methodist church; Rev. John Kifer, of Warren, and Rev. Christy, of Tidouite.

MRS. ALBERT JOHNSON. Ellen Alida Johnson, wife of Albert Johnson, of Russell RD 1, passed away at the Warren General Hospital at 10:15 p. m. Thursday. She was born March 2, 1879, in Sweden and came to America in 1906, residing since that time in the vicinity of Scandia.

ARTHUR O. JOHNSON. Funeral services for Arthur O. Johnson, who passed away at Youngsville at 8:30 a. m. Thursday, will be held from the Lutz Funeral Home here at 2:30 o'clock Saturday afternoon. Dr. H. A. Rindard, of the First Lutheran church, will officiate and interment will be made in Oakland cemetery. Friends may call at the funeral home at any time.

MRS. SIMON HUBER, SR. Funeral services in memory of Mrs. Simon Huber, Sr., were held on Thursday afternoon, with a prayer service at 1:30 o'clock at the family home in Clarendon and the rites at 2:15 at the Salem Evangelical church here. Rev. S. R. Schieb officiated for the service, during which Mrs. Ruth Thompson and Mrs. Olga Rosentrotter sang two hymns, "Safe in the Arms of Jesus" and "Nearer My

Warren Boy's Knife To Aid In Licking Japs

The appeal made by the San Francisco sportsman asking for hunting and other similar knives for the use of the armed forces did not go unheeded in this city, at least by Bud Marver, 101 Wiloughby street. He sent along his hunting knife and is in receipt of the following letter:

Your knife has been received from Mr. Martinelli at my headquarters and on behalf of the soldiers to whom it is going, we wish to thank you for your contribution.

Words themselves cannot fully express our gratitude. However, when the battles are over and our boys are home again, we all will thrill at the tales of how they were used.

This much I know, with your gift goes another weapon that will certainly do much to help our boys slay the Japs into a complete and lasting tailspin.

Sincerely, Barney M. Giles, Major General USA.

COUGHS DUE TO COLDS

Piso's PLUS-ACTION\* Explodes Theory That Cough Medicine Only Soothes Your Throat!

The very first spoonful of Piso's brings soothing comfort to your irritated throat membranes. But you also get an important plus-action in this modern formula Piso's.

\*Piso's actually stimulates your system to produce more protective secretions in your throat and upper bronchial passages. These normal fluids thin and liquefy thick, clogging phlegm...it's more easily flushed away...your cough is "loosened!"

Depend on Piso's (Pie-so's)...not for its local "throat-soothing" action alone...but for its more important inside-working systemic effect. Piso's is good for adults and children. At all druggists in 35c-60c bottles.

PISO'S FOR COUGHS DUE TO COLDS

There will be no more pints of milk distributed to homes or stores for retail sales, according to the order of the Secretary of Agriculture.

Customers must put out each day the right amount of bottles for the quantity of milk and cream they wish, otherwise the salesman will have to make a charge of two cents for each container they are short.

If the customer does not have a bottle, a deposit of two cents will be charged at the store when milk is purchased.

Band Concert Happy Event

Members of the Warren second band and Dragon band greeted a full house last night in the Beatty school gym for the annual mid-winter band festival and USO benefit.

The second band led off the program with a group of five selection played in fine time and style. In its several appearances the blue and white-uniformed Dragon Band showed a marked progress, playing a number of very difficult arrangements with the ease and sureness of professionals.

Special numbers were an extremely well played flute solo by David Leidig, with Eleanor Emery at the piano, and two numbers by the clarinet quartet, Nancy Christie, Virginia Johnson, Warren Johnson, and Robert Dietsch. Because it was their last appearance with the Dragons, Miss Christie and the two boys remained for a novelty presentation of the old round "Three Blind Mice".

Also unscheduled on the program was the solo appearance of Nancy Jane Black, majorette, paid this tribute by Mr. Summers and the orchestra because it was her last appearance before leaving Warren.

Miss Black returned with the other majorettes, Jean Peterson, Joan Benigal, Marcia Baxter and Carol Kirberger, for the finale, the band playing a medley of familiar songs of the armed service branches.

Mr. Summers also took occasion during the program to display to his audience the new band instruments recently purchased by the School Music Boosters' Club, paying members of that organization a well deserved compliment in the bargain.

MAY LOSE VOTE. Five hundred and forty-nine voters of the county through failure

to vote during the past two years are threatened with the loss of their vote. Of the number 394 are Republicans; 106 Democrats and 49 others. Cards will be sent out from the Registrars office in the Court House and it is thought that only about 30% will ultimately lose their ballot. The total registration is now: Republicans 12,712; Democrats 5139 and 437 others of various parties.

### Zonta Club Completes Plans For March of Dimes Tag Day

(From Page One)  
Haag, Harriet Thomas, Maxine Anne Beebe, Nancy Christie and Joyce Mathis.

Girls representing other groups will be Jean Anthony, Kay Anthony, Lois Anne Loree, Patricia Wade, Betty Schmonsky, Jean MacDonald and Margaret Mathis.

Grace Mitchell, in charge of aligning other communities in the county, has had a splendid response and house to house canvasses for selling March of Dimes tags will take place tomorrow in Tidoute, Youngsville, Sheffield, Sugar Grove, Russell, Lottsville and Clarendon.

Canvassers in all but one of these communities will be eligible with Warren girls to compete for the three cash prizes being offered by the Zonta Club from its own treasury. The exception is Sheffield, where those in charge are providing special prizes.

In perfecting plans for the paralytic benefit tomorrow, Zontians have encountered a splendid cooperation on every hand, evidence that the March of Dimes Tag Day in Warren for 1943 will be indicative of the response shown this appeal in past years and keep the community in the front line of communities waging the battle against the children's enemy.

### SOCIAL EVENTS

#### VFW AUXILIARY

New members were initiated and new applications acted upon at the regular meeting of the VFW Auxiliary held Thursday evening in the post rooms. Reports on the membership drive showed gratifying results.

Outstanding event of the evening was formation of a new auxiliary first aid class. 22 members registering and a number of others yet to be contacted. The defense chairman reported 75 boxes of candy were sent this week to service men from Warren county. A report showed that to date 10 members have been blood bank donors.

Plans were made for a Valentine dance on February 12 for auxiliary members, their husbands and friends and all service men on furlough, the latter to bring their wives or sweethearts if they wish. Following the meeting, pleasing refreshments were served.

#### HOOK-MILLER RITES ANNOUNCED

Mr. and Mrs. Leonard P. Miller, of Rinersburg, formerly of Warren, announce the marriage of their daughter, Bernice, to Lt. George B. Hook, son of Mr. and Mrs. William J. Hook, of Kane. The marriage took place Wednesday, January 27 at the rectory of St. Callistus Church in Kane. Father Dougherty performed the service. The couple was attended by Mrs. Robert F. Lauffenberger, sister of the bride and Melvin Hook, brother of the bridegroom. The bride is a graduate of Allegheny College and a member of Phi Sigma Iota. She is a teacher in the Ludlow schools. Lt. Hook was graduated from the Carlisle Medical Barracks on January 23 and will take up his new duties in Warner Robbins, Georgia.

#### Heroic Deeds Performed In North Africa

(From Page One)  
brother of Lt. Sherwood Miller, now training for flying fortresses at Hobbs, N. M., Lloyd L. Porter is the son of Mr. R. Ross Porter, of Warren, R. D. 2, whose older son, Robert, was advanced to the rank of first lieutenant in North Africa last week.

The two cadets left Warren on December 18, 1941, for assignment at Maxwell Field, Ala., although most of their training was done at Valdosta, Ga., where they received their wings and commissions as second lieutenants on August 5, 1942.

Following his graduation, Lt. Miller went to Westover, Mass., and it is believed that he flew from there to his North African post about the first of December, although information from him since has been only meager. His last letter, arriving last week, made the crossing by air mail in nine days.

It is thought that Lt. Porter left the United States about September 1, but information concerning his movements since then has been necessarily limited. His mother stated today that his last letter, from North Africa and dated January 13, informed her he was in fine health and enjoying every issue of the Times-Mirror, which he has been receiving regularly.

#### P. H. C. OFFICERS WERE INSTALLED AT MEETING

Following a six o'clock supper last evening in the Marconi rooms PHC officers were installed by R. H. Morrison, with Forrest and Herbert Arnold acting as supreme guides.

Inducted into office at this time were the following: Past president, Claude Fiero; president, Anna Stigelmier; vice president, Eleanor Gordon; secretary, Bertha King; treasurer, Grace Moore; sentinel, Ina Myers; watchman, Anna Arnold; companion, Mabel Fiero; accountant, Clara Campbell; pianist, Jessie Hagberg; trustees, Herbert and Forrest Arnold and Gussie Winsler.

A series of games followed, after which the social committee served refreshments.

Organized yachting and yachting racing began in the United States about 1840.

#### MINISTERS MEET

Warren County Ministerial Association members will meet Tuesday morning at 10:30 o'clock at the YMCA, the program calling for a devotional period led by Rev. Carl Gronquist, of Sheffield, and a review of the life and work of Soren Kierkegaard by Rev. Bertil Edquist, St. Paul's minister. Important business to be taken up makes it paramount that all members be present. Regular meetings of the association hereafter will be held on Tuesday because of the change in the weekday religious education schedule.

#### President In Brazil For Conferences

South Atlantic shipping lanes by a stepped-up submarine drive in recent months.

It also was presumed the two presidents reviewed the subject of economic aid to Brazil, an important western hemisphere source of supplies for the United Nations. North American government agencies and technicians throughout out Brazil have been helping recently to increase the production of rubber, minerals and other products, and United States government capital has been loaned for numerous purposes.

The talks between the chief executives apparently were carried on through an interpreter. With the official announcement of yesterday's meeting, authorities permitted the disclosure that President Roosevelt enroute through northern Brazil enroute to Casablanca as well as on the return.

The flying boat bearing him from the north alighted at Belem, nearly 1,000 miles north of Natal. Just before the aircraft reached there, the air base was surrounded and no one was allowed to enter. The flying boat remained there for three hours.

#### Irish and Blomquists Might Plummet Out of League Lead Saturday

outfit. The following list names the leaders:

#### Monday Big Six

Bob Lunquist, Bloms .... 35  
John Pick, Bloms .... 20  
Louis Check, Bloms .... 17  
Nick Creola, Rocks .... 15  
Bob Caldwell, Struthers .. 15

#### Saturday Big Six

Bob Lunquist, Bloms .... 42  
John Pick, Bloms .... 38  
Farnsworth, O'Connors ... 40  
Bob Caldwell, Struthers .. 40  
Bob Fitch, O'Connors .... 25  
"Buck" Samuelson, Rocks 25  
Louis Check, Bloms .... 25

Both leagues are led by the red hot Bob Lunquist who racked up 20 points in last Monday's game and has a total of 35 for two games. His teammate Johnny Pick is close behind him in both leagues, placing second. Several of the positions are rapidly being closed in on by some of the late joiners of the leagues and it is interesting to note the number of players who climb the ladder into the selected lists.

## Service Men Honored With Fine Memorial

Youngsville, Jan. 28.—The large service men's plaque containing the names of seventy alumni of Youngsville High school now in service was dedicated with appropriate service Friday last at the junior and senior high school assembly period.

There was music and talks and a short memorial service in memory of Porter Armstrong and Lieutenant Andrew Sevok, two members of the Youngsville high school alumni who have made the supreme sacrifice in the present war. At this memorial service a large bouquet of flowers was placed before the plaque having been sent by the Sevok family, as their part in the memorial for their son and the other lad who was also in the air service at the time of his death.

At the close of the program the girls of the senior class presented to the Red Cross an afghan which they have made as war work.

### ANNIVERSARY WEEK

Next week is the celebration of Young People's Anniversary Week in all United Brethren churches. A number of features will be presented by the local U. B. church.

First the young people will have charge of the Bible School at 9:35 a. m. Sunday morning. Norris Freborough will act as Superintendent and George Kay will lead the singing. A fine worship program will be presented. The orchestra will play and the young people's choir will make their first appearance.

Tuesday night the Youth Council will meet. Friday evening the Youth banquet will be held. Rev. Glen Donnellson of Clarence Center, N. Y., Erie Conference director of Young People's work will be the speaker. Committees are now working on other phases of the program.

The closing service of the celebration will be held in the church Sunday evening, Feb. 7, when the youth of the church will charge of the evening service of friendship.

### NEW ABOUT TOWN

A. L. Bogren, U. S. Naval Electrical Inspector at Dravo Shipyard, Neville, Island, Pittsburgh is spending a few days at home on account of illness. Arthur E. Bogren, his son is spending a week with his parents before going into training as an Air Cadet. Arthur enlisted last July and has since held a responsible position in the electrical testing crew at the Dravo Ship Yards. Arthur's many friends in Youngsville as well as those at Dravo wish him the best of luck in Uncle Sam's service.

The Ladies of the Woman's Society of Christian Service held a successful soup day Wednesday in the weekly series of Soup Days they have planned.

All teachers and officers of the United Brethren Sunday School will meet in the church next Tuesday evening at 8 p. m. to institute a system of keeping in touch with absentees. A system of enlisting new prospects is also in process, and a committee to operate will be chosen next Sunday. The Sunday school is working on a 30 per cent increase by Easter Sunday.

The Methodist church board will hold a dinner meeting at 6 p. m. Monday evening. Supper will be at six p. m. with the business meeting following.

The high school assembly period of Friday of this week will feature moving pictures of Mexico under the title of "From Dawn to Night in Mexico." From Brazil will come a picture of the work of a great newspaper in Sao Paulo showing the activities of the editorial and technical departments.

**County Agent's News**

**MORE MILKINGS MEANS INCREASED PRODUCTION**  
More milk will be obtained from almost any cow if she is milked three times a day instead of twice, reminds County Agent O. C. Tritt. The greater increase naturally will be obtained in the higher producing cows, and may range from 10 to 25 per cent.

Where labor is available, three-time milking is profitable. Many dairymen milk three times a day during the winter months, and then during the summer months when field work is rushing they milk only twice a day.

Cows that are milked three times a day also should be fed three times daily. This refers to both roughage and grain. Feed silage at the rate of 10 to 12 pounds morning, noon, and night; feed all the hay they will clean up at three or more feedings, and feed grain morning, noon, and evening.
